FROM THE

LIBRARY DIRECTOR

PAULA A. KIELY

Philanthropist, educator and entrepreneur Laura Arrillaga-Andreessen said, “Shouldn’t you put the same amount of effort into your giving as you might for your for-profit investments? After all, philanthropy is an investment, and one in which lives - not profits - are at stake.”

I agree - and fortunately, so do the many individuals, foundations and corporations who contribute regularly to the Milwaukee Public Library Foundation.

Each year, Milwaukee Public Library benefits greatly from generous donations that support projects, programs, materials, and capital improvements that might otherwise go unfunded. When the Foundation began in 1988, it provided funds for the “little extras” that weren’t covered by the annual budget.

Today, the Library Foundation is instrumental in providing major funding for the library’s most high-impact programs including Summer Reading Program which benefits more than 22,000 children. It also contributes towards drop-in job help and computer classes for adults.

A myriad of early literacy programs receive support as part of the library’s award-winning Ready to Read with Books2Go/Libros Para Llevar program. By securing funding for this program, the foundation helps to provide free ongoing continuing education classes for childcare teachers as well as regular programs for families that include comprehensive early literacy services for all children under age 5 and their providers.

In addition to programming, the Library Foundation has raised funds to supplement rebuilding projects such as the Villard Square Branch and the new East Branch which will be opening in November.

Throughout the year, I have opportunities to thank the generous people who make these initiatives possible, and I am always quick to point out that their gifts really do change lives. They are investing not only in the Milwaukee Public Library, but in the futures of the many people we serve each day.

MPL Express at Silver Spring opened on Thursday, Oct. 2 at 5550 N. 64th Street.
