## ATKINSON BRANCH

11. 1960 W. Atkinson Ave
12. 4110 N. Green Bay Ave
13. W. Capitol Dr & N. 2nd St

Challenge yourself to explore Milwaukee neighborhoods, art, and culture this summer.

**READ:** Track your time reading - books, audiobooks, magazines, and online articles...it all counts!

**CREATE:** Stop by all the Milwaukee Public Library branches this summer to participate in a variety of art making challenges. Each branch will be ready with a different project for you to try.

**DISCOVER:** Can you visit all the pieces of public art featured in the Milwaukee Public Library's Public Art Scavenger Hunt? Check out the locations listed on this paper to get started, then visit other Milwaukee Public Library branches to get a list of the awesome art to visit in their neighborhood.

Check in at any branch of the Milwaukee Public Library to get a free book and a bus ticket to help you read, get creative, and discover something new this summer!

Sign up and start tracking online at [MPL.org/summerreading](https://MPL.org/summerreading).

Check out [MPL.org](https://MPL.org) & follow us online to learn about free events all summer long.

# LEVEL UP ART CHALLENGE

Atkinson Branch

Inspired by **Andromeda Galaxy**. Find this artwork at **Site 12** in the Public Art Scavenger Hunt!

Join the hunt and do more **Level Up Art Challenges** at every library branch this summer!

## Straw Rocket

**Step 1** Take the template and use scissors to cut out the shapes. Cut along the solid black lines. Don't forget to cut the line that goes halfway through the circular piece and only to the center point.

**Step 2** (Optional) Before any folding and taping, feel free to decorate your pieces.

**Step 3** Roll your long rectangular piece into a tube. You can roll it tightly along the straw, but it is **very important** that the paper tube can slide off of the straw. Pull out the straw and then put a piece of tape on the tube.

**Step 4** Roll your circular piece into a cone. Use a piece of tape to secure it into place.

**Step 5** Roll up a piece of tape and place it on the inside of your cone at the tip. Secure your cone to the top of the tube.

**Step 6** Attach the two wing pieces to either side of the paper tube.

**Step 7** Time for lift off! Launch your rocket by placing it on the straw and blowing the free end. Take it outside and see how far you can launch your rocket.
