## Basic Backyard Composting

Presented by Keep Greater Milwaukee Beautiful

## LEARN THE DO'S AND DON'TS OF COMPOSTING

### WHAT IS COMPOSTING?

Composting is a natural process that turns organic material, like food scraps, into a valuable soil enrichment material called compost.

### WHY SHOULD YOU COMPOST?

Composting is a great way to divert food waste from the landfill. Adding compost to your garden will help your plants grow bigger and better.

### HOW DO YOU COMPOST?

There are many factors that go into making successful compost. Join us for a class to find out!
