Mr. LaPierre gave a brief overview of his personal and professional background.

REPORTS

4. Milwaukee County Federated Library System (MCFLS) Board Meeting. Trustee Siemsen reported on the June 19 and July 17, 2023 meetings. Beginning in 2024, MCFLS will recognize Juneteenth Day as a national holiday and will close for the day. In partnership with Froedert Hospital, MCFLS is participating in a research project called ‘All of Us’, which is managed by the National Library of
Medicine and National Institute of Health. The project goal is to collect public health data through interviews, DNA samples, and bloodwork. The data will be used to create a national database of healthcare issues and prepare for possible future healthcare needs. MCFLS member libraries can check out kits to use for programming related to the ‘All of Us’ initiative. Informational item.

5. **MPL Board Services & Programs Committee Meeting.** Trustee Vincent reported on the July 12, 2023 meeting. The Committee received the Safety Report from Security Manager Carlos Lopez. Associate Library Director Chantel Clark briefed the Committee on a proposal to implement a new fee structure for the use of larger community rooms at MPL locations. The purpose of the fees is to recoup some of the costs associated with staffing, maintaining, and renovating the spaces. MPL currently does not charge for any meeting spaces except Centennial Hall. The Public Services team recommends implementing a 3-tier fee structure, with different charges for non-profit or library partners and commercial entities. Associate Director Clark noted there are meeting room policy revisions that may take longer to generate and will be presented to the Committee at a future meeting. Director Johnson shared information about MPL’s role as a potential vendor for the Republican National Committee (RNC) next year. The Committee passed a motion to direct Library Director Johnson to prepare a fee proposal regarding venue reservation to be included in the Memorandum of Agreement for the MKE 2024 Host Committee and RNC. Informational item.

**OLD BUSINESS**

6. **Community Engagement Update.** Library Director Joan Johnson gave a brief recap of the community engagement work and introduced Aziz Abdullah and Raven Eggson from INPOWER Solutions. INPOWER Solutions is a Milwaukee-based social impact and good-cause marketing agency who partnered with MPL to collect and process community feedback. MPL and INPOWER connected with over 5,000 respondents through in-person community engagement sessions, partner events, non-traditional outreach, and several survey options. In addition to data gathering, these events also allowed MPL to share information about library locations, hours, and services with the community. The data gathering phase has concluded and INPOWER is now analyzing the results. The final report will be shared with the MPL staff and Board, City officials, and the community at large. The INPOWER team reviewed the scope of the work, data analysis tools and challenges, and shared preliminary findings. Director Johnson noted working with the INPOWER team has been very rewarding and has been a fruitful partnership. Informational item.

**NEW BUSINESS**

7. **Memorandum of Agreement – MKE 2024 Host Committee.** Library Director Joan Johnson shared MPL is a potential meeting space vendor for the 2024 Republican National Committee (RNC). All potential vendors for the RNC will be required to complete a Memorandum of Agreement (MOA) issued by the MKE 2024 RNC Host Committee. Additionally, all venue partners are required to hold meeting spaces exclusively for RNC use between July 15-18, 2024. MPL has referred the MOA to the City Attorneys Office (COA) for review. If the document is sanctioned by the COA, MPL will present it to the Board for approval. MPL would like to include a new fee structure for spaces reservation in the MOA. Director Johnson referred to a memo regarding the proposed fee structure, listed as Attachment C of the agenda. The fees listed in the memo would only apply to venue use during the RNC. The Board recommended additional analysis of fees at comparable locations and incorporating additional fees to cover security costs. MPL staff will revise the memo and present it for approval at a future meeting. Informational item.

8. **Building Projects Display.** Director Johnson shared MPL has identified a location at Central Library to display information about the MPL Board and it’s contributions to library projects. Staff and Trustees briefly adjourned to view the space. The preliminary plan is to include a current Board
photo, curator’s notes about the work of the Board and highlighting building projects, and a decorative shovel and hard hat. Informational item.

CLOSING REMARKS
President Sain thanked the Common Council and County Board of Supervisors for their work on the proposed 2% sales tax increase.

With no further business, the Milwaukee Public Library Board of Trustees meeting of July 25, 2023 was adjourned at 5:23 p.m.

U.S. Bank National Assoc. Commercial Paper (rated A1+) confirmation #327152096 dated 3/1/23 and maturing 11/1/23 at a rate of 0.4%. $250,000.00
MPL continues to be recognized for staff excellence in delivering services and engaging the community. The latest notification to Johnson came from Milwaukee Downtown Executive Director Beth Weirick for their Heart of the Community Award to the Central Library. Johnson along with Evan Szymkowski and Fawn Siemons-Fuchs accepted the award at their annual meeting. Immediately upon receiving the award, all three rushed to the Wisconsin Club to participate in the MPL Foundation’s annual Ben Franklin Award Celebration, which raises funds to support MPL value-added programing, collections and selected capital projects.

Design team meetings resumed for the Martin Luther King Branch redevelopment project. Johnson continues to lead the internal MPL team in collaboration with the Moody Nolan Architects, led by Jeff Jeno. The team was able to quickly get back on track for efficient and productive meetings.

The community engagement survey garnered over 4000 responses with written and digital input, which is currently being studied by the INPOWER consulting team who shared preliminary findings with Johnson and the internal team for review. MPL shared a significant amount of feedback in response to the first draft of the report.

Johnson continues to facilitate MPL’s collaboration with Director Ashanti Hamilton, Office of Violence Prevention, and has since added Employ Milwaukee, led by Chytania Brown. The three organizations are sharing information to help steer youth into MPL’s pipeline programming and youth employment opportunities. An email blast to over 2000 youth via an Employ Milwaukee listserv yielded two viable MPL Americorps member applications in less than two weeks. The collaboration team is also exploring the integration of MPL’s restorative practices programming for youth, which recently received favorable press coverage.

Broadband efforts continue with Johnson’s participation in the Milwaukee Broadband Partnership meetings and the feasibility study meetings led by the EntryPoint consultant team. The community broadband survey closed and results are being collated and analyzed. Johnson continues to attend the virtual meetings of the national Schools, Health, and Libraries Broadband Coalition.

Johnson along with MPL Board President Same and many MPL staff spent a morning with the Fox6 Wake-Up film crew for a series of live shots and interviews that aired in real time. The effort was a collaboration between MPL and the MPL Foundation. Other media interviews for Johnson include considerable time spent with PBS’s Alexandria Mack of Black Nouveau for a comprehensive profile story about Milwaukee’s first Black Library Director, to air in October, and an exploratory interview with National Public Radio’s Audrey Nguyen, Producer of Life Kit, a multi-platform podcast. She is working on an episode about how to get the most out of your public library.

Johnson continued to engage with local MPL supporters and community leaders including pre-hearing meetings with Common Council Finance & Personnel Committee members, all library- and foundation-related Boards, Rotary Club of Milwaukee and a meeting with the Lubar Center’s new Director Derek Mosley. Johnson continues to serve on the Westtown Association Board and supported the organization’s fundraiser and annual golf outing, in partnership with the MPL Foundation staff and Board member. Johnson attended the annual fundraiser for Journey House, an important community partner, led by MPL Board Trustee Dr. Michele Bria.

Johnson met with the MPL Scholarship Committee, consisting of MPL Foundation, Friends and MPL Board Directors and Trustees to adjudicate several applications submitted by MPL employees enrolled in degree and/or certificate programs. A total of $6000 was awarded and split between eight extremely deserving students.

Johnson supported MPL team efforts at several programs and events including the first LibraryCorps member cohort completion celebration, followed a few weeks later by the 2nd cohort of members for an orientation session with the City Librarian. She also welcomed an enthusiastic crowd of over 350 at the author event featuring journalist Meg Kissinger and Jacki Lyden discussing Kissinger’s latest book, “While You Were Out,” chronicling a family’s struggles with mental illness. As part of the Central Library 125th Anniversary celebrations, Johnson attended the staff art show and reception.
Ongoing meetings with library peer groups include attendance at the Annual System & Resource Library Administrators Association of WI in Wausau, at which the newly released Wisconsin Public Library Staff Compensation Survey Report was shared and the Urban Libraries Council’s Director’s Group, discussing new data tools and potential uses.

The Llewellyn library was replaced by the Bay View branch in 1993. On June 15, 1994, the MPL Board deemed the former library to have no relevant use but wished to maintain a future interest in the property. In the interim, it approved a lease agreement with Milwaukee Public Schools (MPS) to house the Redcat Academy. The building is no longer in use by MPS and MPL plans to sell the property. In order to begin the listing and sale process, the property must first be deemed surplus. Trustee Kowalski moved to designate the former Llewellyn property at 907 E. Russell Street as surplus, so that it can be officially transferred to the Department of City Development for listing and sale. Trustee Sain seconded. Motion passed.

3. **Mitchell Street Financing Update.** Library Construction Projects Manager Yves LaPierre and Assistant City Attorney Alex Carson reviewed the developer’s intent to refinance the Alexander Lofts and the process for unwinding the financial agreements for Mitchell Street branch. The lease agreement between Gorman & Company and the MPL Foundation will remain in effect until June 30, 2026. When the unwind is complete, MPL will own the note and mortgage on the library condominium. Trustee Sain moved to forward this item to the full Board for approval without recommendation from the Committee; Trustee Kowalski seconded. Motion passed. Documents pertaining to the financial unwinding will be sent to the Board in advance of the September 26, 2023 meeting. Attorney Carson and Ted Matkom of Gorman & Company will attend the meeting.
