

# High Impact Paving Downtown on Wisconsin Avenue

## *Rolling Closures Scheduled for Early Next Week*

The City of Milwaukee Department of Public Works (DPW) will conduct a high impact paving project on West Wisconsin Avenue from North Water to North 10<sup>th</sup> streets beginning Monday, June 10, 2019, weather permitting.

The project will take place over two days to minimize impact for businesses, residents, and the traveling public during construction. We anticipate work to conclude each day before the afternoon commute. The proposed schedule is as follows:

Monday, June 10: Starting at 6:00 a.m., the contractor will close West Wisconsin Avenue at North Water Street. Closing one to two blocks at a time, the rolling closure will head west toward North 5<sup>th</sup> Street. Crews will mill the existing pavement and resurface the road immediately. Once pavement markings are done, that portion of the roadway will re-open to traffic.

Tuesday, June 11: Starting at 6:00 a.m., the contractor will close West Wisconsin Avenue at North 6<sup>th</sup> Street. Closing one to two blocks at a time, the rolling closure will head west toward North 10<sup>th</sup> Street. Crews will mill the existing pavement and resurface the road immediately. Once pavement markings are done, that portion of the roadway will re-open to traffic.

All north-southbound traffic will be maintained throughout the project.

DPW advises the traveling public to allow for extra time while traveling to and from this neighborhood.
