

After School @ MPL

Join us Monday through Thursday for homework help and hands-on activities.
Children under 8 years old must be accompanied by a responsible adult.

Find MPL AmeriCorps at These Branches:

CAPITOL
3969 N. 74th St.

CENTER STREET
2727 W. Fond du Lac Ave.

TIPPECANOE
3912 S. Howell Ave.

VILLARD SQUARE
5190 N. 35th St.

FEBRUARY 2023

Each branch offers the same weekly activities; daily schedules vary by location.

3:30 PM - 4:30 PM

Homework Help

4:30 PM - 5:30 PM

Hands-on Activities

January 30 - February 2: Groundhog Week

- Groundhog Cookies: Make the world's most adorable cookies – a mound with a groundhog that pops up. If they see their shadow, they can quickly hide again.
- Shadow Puppets: Make your own puppet shadows and star in a show!
- Groundhog Probability: Will Jimmy the groundhog see his shadow? Join us to learn about probability & make predictions.
- Choose Your Own Adventure: Join us for a variety of hands-on activities.

February 6 - February 9: Weather

- Snow Cones: Taste test different flavors and make your own snow cones.
- Edible Water Bottles: Learn about recycling and make edible water bottles.
- Snow Flake Art: Make snowflakes out of different art mediums like pasta, coffee filters, and fake snow.
- Global World: Learn about seasons, weather patterns, and geography by studying weather around the world.

February 13 - February 16: Valentine's

- Wisconsin Food Day: Let's celebrate by making a childhood staple - puppy chow.
- Build the Strongest Tower: Will your tower support the most Hershey kisses? Join us to find out.
- Chocolate Roses: Learn how to make flowers out of Hershey kisses.
- Choose Your Own Adventure: Join us for a variety of hands-on activities.

February 20 - February 23: National Engineer Week

- Gummy Bears: Participate in an edible science experiment and make your own gummy bears.
- DaVinci Bridges: Learn about self-supporting bridges and create one of your own.
- Building Blocks: Use your imagination. What will you engineer?
- Obstacle Courses: Experiment with different factors to get the ping pong ball around the track.

February 27 - March 2: Read Across America Week

- Design Your Own Home: Make a house out of bread. Inspired by *Cloudy with a Chance of Meatballs*.
- Be a Scientist: Experience different states of matter by making Ooblek (slime). Inspired by *Bartholomew and the Oobleck*.
- Storypalooza: Create a story map and send the Ozobots on a journey.
- Choose Your Own Adventure: Join us for a variety of hands-on activities.

Visit www.mpl.org/ada for information on ADA program accommodation requests.
