

Reading Buddies

with the Milwaukee Public Library

Spring Series: April 12-May 6

Children in grades 1-3 will get extra practice while reading books specially selected for them by a children's librarian at the Milwaukee Public Library. During this four-week series, students will spend 30-minutes each week reading one-on-one with a supportive and encouraging librarian. Reading Buddies takes place virtually using Google Meet; participants will need a computer, tablet, or phone with a camera and microphone. Answer a few questions to help us pick some "just right" books. [Register here.](#) You will receive a confirmation email immediately after submitting your registration form. Be sure to check your spam, junk, and other folders. A link to join the event will be emailed to registrants the day of each session. MPL reserves the right to limit registration.

Visit www.mpl.org/ada for information on ADA program accommodation requests.
